Skills

- Excellent knowledge of a variety of programming languages including PHP, JavaScript, AJAX, HTML, CSS, Python and SQL.
- Strong graphic design skills using CorelDraw, After Effects, Photoshop, Illustrator, InDesign.
- Average Video Editing Skills using Premiere Pro, WonderShare Filmora and Corel VideoStudio.
- Knowledge in networking fault diagnostics and troubleshooting, Cisco routers, switches and switching configuration and technologies.
- Excellent Knowledge in OS installation and error diagnostics and correction. Configuration and installation of CCTV DVI, cameras.

Hobbies

I enjoy solving puzzles, socializing with family and friends, building fliers, logos, websites and watching football especially EPL.

Profile

A motivated, adaptable and responsible computing graduate seeking a position in an IT position which will utilize the professional and technical skills developed through past work experiences in this field. I have a methodical, customer-focused approach to work and a strong drive to see through to completion. In my previous job at Sisa Computers I was part of the team which proposed the adaptation of N-Computing system which was completed on time and within budget.
